

<http://www.virustotal.com/>

This website will tell you if the website you want to visit is virus free.

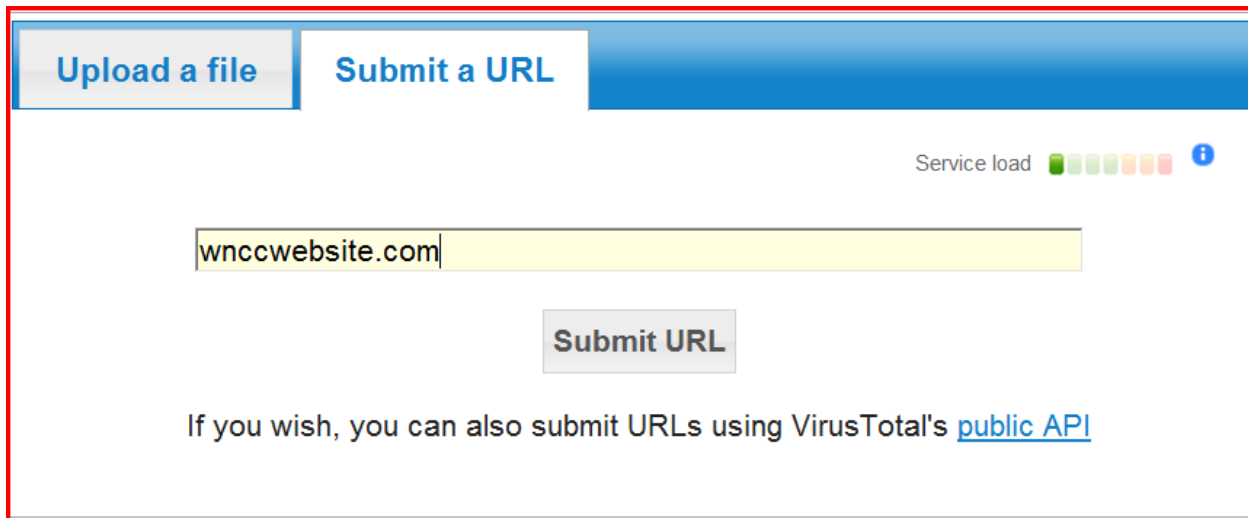

The screenshot shows the VirusTotal homepage. At the top left, it says "VT Community" with a "Sign in" dropdown. At the top right, there is a "Languages" dropdown. The main header features the VirusTotal logo on the left and a description on the right: "Virustotal is a service that analyzes suspicious files and URLs and facilitates the quick detection of viruses, worms, trojans, and all kinds of malware detected by antivirus engines. [More information...](#)". Below the header is a navigation menu with links for "Analysis", "Search", "Stats", "Advanced", "VT Community", "FAQ", and "About VT". A "Snipping Tool" watermark is visible over the navigation area. Below the navigation is a large blue bar with two tabs: "Upload a file" and "Submit a URL". In the bottom right corner of this bar, there is a "Service load" indicator consisting of seven colored squares (green, yellow, orange, red) and an information icon.

Select the tab "Submit a URL"

Type in the website name/address and hit enter.

A report will come up telling you information about that website.

The screenshot shows the "Submit a URL" form on the VirusTotal website. The "Submit a URL" tab is selected. The "Service load" indicator is visible in the top right. A text input field contains the URL "wnccwebsite.com". Below the input field is a "Submit URL" button. At the bottom of the form, there is a note: "If you wish, you can also submit URLs using VirusTotal's [public API](#)".

URL analysis tool	Result
Firefox	Clean site
G-Data	Clean site
Google Safebrowsing	Clean site
Opera	Clean site
